ABOUT US

Aavana Greens is a trusted name in premium home decor materials. Our products are manufactured using high-quality materials and advanced technology to deliver durability, elegance, and superior performance.

Established in 2018, we have grown exponentially by offering premium products like WPC Louvers, Cladding Louvers, Wooden Flooring, Wallpapers, and many more decorative surface solutions for modern interiors and exteriors.

AAVANA GREENS WPC EXTERIOR LOUVERS

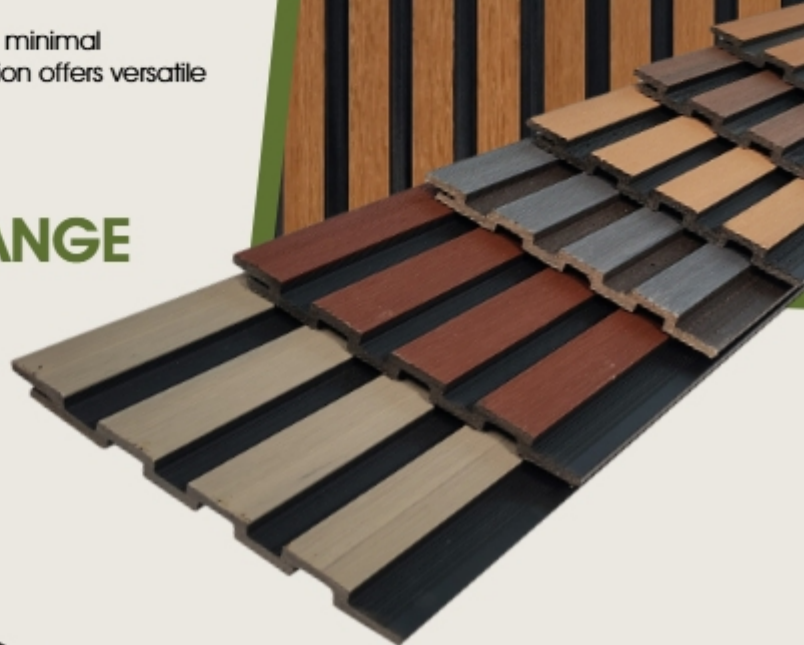

Aavana Greens 13 mm WPC Louvers are designed to bring elegance, durability, and sophistication to every space.

Crafted with premium Wood Plastic Composite technology, these louvers are ideal for modern architectural and interior applications. Engineered for long-lasting performance, our louvers are moisture-resistant, termite-resistant, weatherproof, and low maintenance — making them a perfect solution for residential as well as commercial projects.

Available in a wide range of natural wood finishes and modern textures, Aavana Greens 13 mm WPC Louvers enhance walls, ceilings, facades, TV units, office spaces, and decorative panels with a premium aesthetic appeal.

Whether you want to create a bold statement wall or a minimal contemporary ambience, our exclusive louvers collection offers versatile design possibilities for every project.
