WHY CHOOSE US

Environment Friendly

We take pride in supporting a cleaner, greener future. EDEN aavana Flooring is crafted using sustainable materials designed to mimic the luxurious look of natural wood while protecting the environment. EDEN aavana's innovative production process ensures eco-friendly flooring with minimal impact, while offering immense beauty and timeless wood finishes for every need.

Grade
Ac4
Laminated Flooring

AC 4 Grading

The AC4 rating ensures excellent resistance to wear, scratches, and impact, making it ideal for areas with moderate foot traffic. This flooring combines aesthetic appeal with robust construction, providing a long-lasting, attractive surface that maintains its beauty even under demanding conditions.

With Aavana Greens, customers get a blend of style, strength, and reliability suited for modern lifestyles. Aavana Greens Flooring is an AC4 grade laminate flooring solution designed to provide superior durability and performance for busy residential and light commercial spaces.

Warranty

Aavana Greens Flooring comes with a reliable 10-year warranty, reflecting the brand's commitment to quality and customer satisfaction. This warranty covers manufacturing defects and ensures that the flooring maintains its durability and performance under normal residential use over the decade. With this assurance, customers can confidently invest in Aavana Greens Flooring, knowing their purchase is protected and supported by a trusted manufacturer.
